

*Networks. Call for Papers*

*Special issue on*

***Optimization in Vehicle Routing and Logistics***

*Guest Editors: Daniele Vigo, Ana D. López-Sánchez, Jesús Sánchez-Oro*

VeRoLog is the Working Group on Vehicle Routing and Logistics Optimization within EURO, the Association of the European Operational Research Societies. This special issue follows the VeRoLog 2019 conference organized in Seville (Spain).

This Call for Papers for a special issue of Networks invites you to submit a paper. The deadline for papers submission is September 15th, 2019. Each paper will be peer-reviewed according to the editorial policy of Networks. Submissions should be prepared according to the instructions to authors that can be found in the journal homepage. The goal is to prepare a first-rate Special Issue. Therefore, authors should expect a selective review process.

Send all manuscripts for submission in pdf format to [verolog2019@gmail.com](mailto:verolog2019@gmail.com)

Inquiries should be directly sent to either of the Guest Editors in charge of this special issue. Furthermore, all contributions will be peer reviewed. The proposed timeline for this special issue is as follows:

- Deadline for the submissions of manuscripts: September 15, 2019
- Target date for the completion of the first round of reviews: December 15, 2019
- Target date for sending the accepted manuscripts to the publisher: March 1, 2020
